

Check here often to view updates on our preparations for Summer 2021! We will keep our camp community apprised of our ongoing preparations by posting updates as they develop, and at least on the first and third Wednesdays of each month. Last summer's successes fuel us with confidence that we will operate successfully in the season ahead. However, with the ever-changing nature of our pandemic times, we are monitoring the situation from many perspectives. We will share ideas we think may be of value to our families, campers, and staff with posts and links to sources that we have researched. We will we will email these posts to those already on our email list and will publish some ideas on our Facebook page for families not yet enrolled. Thanks for your interest in Holiday Hill!
